Good Morning Gary and Bill –

Wanted to let you know there has been a change of plans and David will not be able to go to the CES meeting next week due to some work that has to be completed here in the office. I will still attend. I know he was going to help with the Spanish speakers and I am sorry we won't be able to provide this service for this meeting. The decision came down from management.

Let me know if you want to talk sometime before the meeting. I think I am around every day until then.
